MISSION STATEMENT

To promote and improve the construction industry through education of the Association's membership and education of young people.

The Association will work to define and encourage high ethical standards of conduct among its members and will promote the fraternity of the construction industry through social interaction.

EDUCATION • ACHIEVEMENT

Good Afternoon Fellow PCEA Members,

Fall is now in full swing (which of course means 50 deg temp swings....welcome to NC) and today is election day! (hope everyone has cast their vote or plans to do so).

This past month we held our last regular meeting of the year in which Fabio Ayala presented his new technology Vizla. Hopefully that was helpful to many of you and you can utilize this in future projects. I know we will be doing so.

For our November meeting on the 18th we will be showing our appreciation for our members with some fun and games at TopGolf (NOTE: If you haven't tried this you don't know what you are missing...and you don't have to be any good at golf to enjoy it) Please be sure to register for that by next Tuesday 11/10 as we have to cut off registration one week prior to the meeting (no exceptions). If you did register and find out you are unable to make it, please alert Rob Webster ASAP so we can provide them the correct head counts.

If you haven't yet gone over to our social media accounts, please do so and follow them. Rodd Workman is updating those with our event pictures, and we would love for you comment on them or share some of your own to the pages. The more activity we get on these the greater our reach to new potential members to find us.

Lastly, Brandon Davidson has picked up the mantle with our education committee and is getting us back involved with UNCC. First step is we are participating in a mock bid event with them on Saturday Nov 14, 12-3 PM. If you are interested in volunteering to help Brandon with this event, please contact him at bdavidson@tcco.com

All for now, hope to see you at TopGolf!
